

2009 385 HP G8-GT FIREHAWK

EFFECTIVE DATE
06/01/09

THE LAST PONTIAC MUSCLE CAR!

SALES INFORMATION
BULLETIN

Q. WHAT ARE THE REQUIREMENTS IN ORDER TO BUILD A 385 HP FIREHAWK?

A: THE FIREHAWK REQUIRES THE PONTIAC G8 GT MODEL PREFERABLY EQUIPPED WITH THE GM PDX SPORT PACKAGE. IF THE PDX SPORT PACKAGE IS NOT AVAILABLE ON THE NEW OR USED CAR YOU CHOOSE, SLP WILL PROVIDE THE REQUIRED 19" TIRES AT ADDITIONAL COST.

STANDARD FIREHAWK CONTENT

- **SLP PowerFlo® Stainless Steel Axle-Back Exhaust System with Distinctive Tips** – This axle-back exhaust system was designed and tuned specifically for the new Firehawk. The resulting tone is deep, rich and powerful - a perfect blend of Muscle Car and Grand-Touring sound quality. The system features polished 304 stainless steel mufflers and uniquely shaped exhaust tips that fit the factory rear fascia openings, along with mandrel-bent stainless steel pipes.
- **SLP Blackwing® Cold Air Induction System** – SLP pioneered this power-enhancing technology many years ago on the first generation F-car-based Firehawk. This technology is now incorporated in our new G8 GT-based Firehawk. The Blackwing® Cold-Air Induction System replaces the restrictive, power robbing factory air filter assembly. By picking up cool, dense outside air, and pumping it directly into the engine, this system provides a noticeable power gain. The system includes an OEM-quality, black-finished polypropylene high-flow intake tube and black powder coated heat shield, along with a high-flow reusable Blackwing® filter.
- **Non-Adjustable PCM Reprogrammer with SLP Custom Tune** – Firehawk's Performance-Optimized PCM Reprogrammer is a dynamometer-developed, non-adjustable tuning upgrade that enables the L76 V8 engine to provide maximum horsepower and torque increases, while maintaining the excellent driveability of this great car.
- **25% Underdrive Pulley/Harmonic Balancer** – Firehawk's unique Underdrive Pulley/Harmonic Balancer reduces engine accessories (water pump & alternator) drive speed by 25%, contributing to the engine's 385 HP output.
- **SLP Rear Spoiler Painted Flat Black** – The new rear spoiler is painted flat black and provides a higher lip to increase down force at high speeds, improving the stability of the car.
- **Firehawk Hood Graphics** – To differentiate the Firehawk from the factory G8 GT, we've included a set of vinyl hood graphics that fade from black to clear giving the hood a more dramatic look towards the scoop openings. More cost-effective than airbrushing.
- **Firehawk 19" 5-spoke, Gun Metal Painted Alloy Wheels w/Machined Spoke Face and Firehawk Logo Center Caps** – The Firehawk 19" x 8" 5-spoke alloy wheels have a gunmetal finish with a machined spoke face. They include a clear coat finish over the entire outside surface of the wheel to create a unique look that will be recognized by all. The center cap features the Firehawk logo.
The specified Bridgestone Potenza RE050A Pole Position tires (P245/40R19-94W) are included with this package. – 19" tires are supplied by GM if car is equipped with GM's RPO Code PDX or supplied by SLP if the car is not equipped with GM RPO Code PDX.
- **Firehawk Badges** – The chrome badging on the Firehawk is designed to be very subtle. Four OEM-Quality Firehawk badges are included for the deck lid, both front doors, and under the hood on the cold air induction lid.

STANDARD FIREHAWK CONTENT (continued)

- **Firehawk Car Cover** – To protect the finish of your Firehawk, each vehicle includes a silver fabric car cover that reflects the sunlight and helps protect it from the elements and against harmful UV rays. Each cover includes the distinctive Firehawk logo silkscreened up front, a locking cable, and a tote bag.
- **Firehawk Leather (faux) Portfolio** – Comes with Firehawk logo pen, note pad, tire tread depth gauge, owner's manual supplement, and a duplicate window sticker.
- **Firehawk Floor Mats** – Every Firehawk comes with a set of premium quality front floor mats with the Firehawk logo embroidered on both mats.

MSRP \$6,445.00

(for vehicles equipped with GM's PDX Sport Package)

MSRP \$7,995.00

(for vehicles NOT equipped with GM's PDX Sport Package)

OPTIONAL FIREHAWK CONTENT

- **SLP Sport Suspension Package** – SLP's Sport Suspension Package is specially tuned and engineered for the new 2009 G8 GT-based Firehawk. By lowering the chassis 1.0" in the front and .8" in the rear, it gives the Firehawk a more aggressive stance, lower center of gravity and delivers even more response and control in high speed cornering. These German engineered, progressive rate springs are made to the same rigorous performance and quality standards as the springs used for NASCAR, Formula 1, Indy Car and the World Rally Championship.

MSRP \$995.00

INSTALLATION SPECIFICS

SLP authorized Installers and Pontiac Dealerships will install the Firehawk package. The process is simple: Upon the purchase of a new or used G8 GT still within warranty, a consumer may then order the SLP 385 HP Firehawk package from a Pontiac Dealership. The dealer must arrange for package installation.

WARRANTY COVERAGE

SLP will be wholly responsible for the Firehawk package and for certification of all systems affected by the Firehawk package, in accordance with applicable Federal and State Regulations when installed, as outlined by SLP, by an SLP authorized Installer or Pontiac Dealer. On new vehicles, SLP will administer and provide 3 year/36,000 mile warranty coverage, for all Firehawk components installed and for systems affected by their installation. On used vehicles, SLP will warranty this package and options for the balance of the factory warranty or 12 months, whichever is greater. The General Motors Warranty continues to apply to all parts and systems not affected by the Firehawk package, but does not apply to the Firehawk package by SLP. Furthermore, SLP shall provide warranty information for consumers in the supplemental owner's manual that is delivered with each Firehawk. All warranty work must be pre-approved by SLP.

SLP reserves the right to change pricing, product content and/or specifications prior to accepting an order for a Firehawk package with proper notification to the ordering party.

For more information contact SLP's Customer and Dealer Assistance Center at (810) 724-8703 or Fax (810) 724-8789, 8:30 a.m. until 5:00 p.m. Monday – Friday, Eastern Standard Time.
